

# THE CLINICAL FACELIFT FACIAL

*by Skin Design London*

"SKIN CLINIC IN A BOTTLE"

Skin Design's Clinical Facial Facelift is a non-invasive treatment that will visibly plump up and awaken the face after just one session. This non-invasive treatment offers you clinical skincare restoration, an extension of the 'Skin Clinic in a Bottle' experience. Working right into the deepest layers of your skin, skin is left feeling revitalized and lifted.

**Let the lift begin!**

## Step 1 THE DOUBLE CLEANSE

The first step is to detox the skin through double cleansing, followed by exfoliation using Healthy Skin grains to buff away dead skin cells without any harsh chemicals.

*Key ingredients and their benefits are as follows:*

- Pineapple - A good source of Vitamin A, helping remove dead skin cells along with breaking down the inactive proteins. Also helps reduce pimples and blemishes
- Rice - A vital source of vitamins A, B2, B12 and E. Contains natural moisturising proteins and removes impurities whilst providing nourishing skin oils
- Potato - A natural skin brightener
- Black Walnut - contains omega 3 and omega

## Step 2 THE BRIGHTENING CHERRY PEEL

The Brightening Cherry Peel is a rejuvenating treatment that promotes collagen formation giving you a powerful skin glow. This natural source peel inhibits uneven skin tone, pigmentation and age spots typically found on the face, chest and décolleté. Skin is stimulated and cellular respiration is encouraged while removing devitalized skin cells. This in turn encourages the synthesis of collagen, which fills fine lines, acne scars and wrinkles for a more uniform, softer and smoother appearance. This natural tyrosinase inhibitor, brightens and illuminates areas of uneven skin tone without the use of hydroquinone.

*Key ingredients include:*

- Glycolic acid, lactic acid, salicylic acid, (wild cherry) extract, prunus avium (cherry) fruit pulp, organic helianthus annuus (sunflower) seed oil, daucus carota sativa (carrot) root extract, prunus domestica (plum) fruit pulp, aloe barbadensis gel and organic rosa rubiginosa (rosa mosqueta) seed oil.

## Step 3 THE CRYO TREATMENT

The CRYO treatment facial utilises revolutionary cold techniques stimulates the microcirculation, promoting better oxygenation of dermal cells. Enhances the penetration and distribution of unique products containing vitamins, minerals and amino acids to energise the skin and protect against free radicals. Collagen production is greatly enhanced by this, together with the seven wonders of Skin Design London's Sleeping Beauty Night Treatment Mask. The seven wonders of Sleeping Beauty, otherwise known as 'Midnight Skin Feast for your skin' are as follow. Sleeping Beauty truly offers healing and treatment benefits to the skin while we sleep. It is a HERO product designed to address numerous skincare demands /issues!

- Jojoba Oil, Avocado Oil, Rosehip Oil, Vitamin E, Vitamin C, Green, Red and White Tea, Acai Berries

## Step 4 THE LIQUID FACELIFT (RADIO FREQUENCY RF8)

Radio Frequency RF8 treatment combined with the latest in serum based FILLER, Skin Design London's VolumeQ completes the remodeling of your face. The lift comes from the current as opposed to a light source and locks, minimizing tissue damage and epidermal melanin. The RF8 helps lock VolumeQ into the skin enhancing its benefits. The result - incredibly taut skin without the downtime!

VolumeQ is designed to sculpt, lift and fill. Defines facial volume with the latest technology in skincare. The serum is the skincare version of the RF8.

LIPOFILL - Voluform™ - "Volufirming" technology targets cells that guarantee volume and firmness. Uses enzyme complex to regulate the use of proteins to stimulate cell detoxification. Facial volume is redefined and elasticity is increased after 2 months of treatment. Deep and moderate wrinkles are filled, after 1 1/2 months of treatment.

Juvinity™ - Reduces oxidative stress, the cause of wrinkles, sagging skin, and age spots and limits DNA shortening to ensure optimal replication of young skin cells. It rebalances the dermal fibroblasts which are cells within the dermis layer of skin which are responsible for generating connective tissue and allowing the skin to recover from ageing. The extracellular matrix metabolism is then reactivated: +483% of collagen synthesis, +32% of decorin synthesis and +33% of hyaluronic acid synthesis.

Neodermyl - has been awarded the Gold prize at the In-Cosmetics' 2013 Best Ingredient Award competition - "needle-free" collagen and elastin filler. Neodermyl is a new source of bio-energy and assist in the reactivation Skin is left smoother, tighter and plumper, whilst remaining gentle on the skin. The radio frequency energy gives you a natural and powerful facial skin tightening, otherwise known as 'The Liquid Face Lift'!
